

the Falls.

Agate Falls - Large beautiful waterfall that is visited by many people. The trail is well marked and easy to find.

Directions: Go 6.5 miles East of Bruce Crossing on Hwy. M-28. You will see a sign on the Hwy. at the Bridge. Park in the parking area on the south end. Follow the well marked trail under the bridge to the waterfall.

Bond Falls - A unique large waterfall that you should be sure NOT to miss, which is located on the middle branch of the Ontonagon River. This waterfall has been photographed for commercials and other various advertisements.

Directions: Take Hwy. U.S. 45 to the town of Paulding. You will find the waterfall 2.5 miles East of Paulding on Bond Falls Road. Walk the well marked and cultivated trails to the waterfall.

Bakers Falls - This waterfall has two large drops. The walk is short and easy, but not marked with signs.

Directions: Between Bessemer and Wakefield on U.S. 2 turn north on Blackjack Rd. At the second gas line clearing; park your car and walk to the west. At the riverbank, go north. Explore, the view is best from below. This is a steep bank, but walkable with care.

OFF THE BEATEN PATH WATERFALLS

These waterfalls are as the title says are "off the beaten path." They take a little more effort but are worth the time.

Cascade Falls - This waterfall has an array of steps with a tremendous amount of water. Located on the West Branch of the Ontonagon River.

Directions: Heading East of Bergland on M-28, take USFS 222 (Forest Hwy. 222, BECOMES 400 Forest Hwy.) Northeast from M-28. You will see a well-marked parking lot to the right. Walk the mile groomed trail to the waterfall.

Maple Creek - Just past the driveway to Potawatomi & Gorge waterfalls (on the Black River National Forest Scenic Byway) is Maple Creek road on your left. Take the dirt road in about 4 miles to the bridge and find a parking spot. The falls are below the bridge and upstream. Downstream is Lake Superior about 1/2 mile.

Narrows - Drive approximately 3 miles on the Black River National Forest Scenic By-way (refer to directions to Scenic By-way at the beginning of waterfall article) to Narrows Spring Campground. The falls are downhill at the north end of the Park.

Chippewa - Drive approximately 5 miles on the Black River National Forest Scenic Byway, (refer to directions to Scenic By-way at the beginning of water-

fall article) to the Copper Peak Ski Flying Hill. Follow the road around landing area. Falls 1/4 mile east. NO TRAIL, DIFFICULT TO WALK.

Algonquin - Drive approximately 5 miles on the Black River National Forest Scenic Byway, (refer to directions to Scenic By-way at the beginning of waterfall article) to the Copper Peak Ski Flying Hill. Follow the road around landing area. Falls 1/4 mile northeast. NO TRAIL, DIFFICULT TO WALK.

Nelson Canyon Falls - Beautiful waterfall and a beautiful hike that ends with a spectacular climax. Approximately 45 minute walk that is not difficult. Take your time to enjoy and explore this area.

Directions: Three miles West of Lake Gogebic on Hwy. 64 take C Camp Rd.; cross Nelson Creek (culverts) and continue for almost one mile until you are on your way uphill, there is a two track (path). Park and walk the two track in and as it peters out or turns right; walk angling left. When you get to the river, walk downstream.

O Kun De Kun & Unnamed Falls - Finding these will be a challenge but worth your effort.

Directions: Park at the North Country Trail parking lot on U.S. 45, about 6/10 mile north of the Baltimore River bridge, and take the NCT east 1.2 miles to the falls.

Victoria Dam Falls - This waterfall is controlled by Victoria Dam. It is a spectacular straight drop! The best time to view this waterfall is in the spring or after heavy rains.

Directions - Take Victoria Dam Rd. West from Rockland for approximately five miles to the Dam. Make sure you bear left at the junction by the old village. There is an unnamed falls about 0.2 miles below the Dam. There are some pipes that go along the River about 300 feet into the ground. From there you can see, across the river, water dropping about 90 feet straight down to the River! Enjoy the view.
